No 413 Dated 4 6 13 Received 7 3 1913

Diary No. 763	Enclos 1	Spare Copies —	Serial No 10

BRIEF ABSTRACT OF LETTER

Recommends that the pay of Mr H F Marker, Sub-Asstt Engineer, may be raised from Rs 200 to Rs 250 with the usual allowance of Rs 35 a month and that his designation under the Board may be changed into "the Board Engineer" or "the Board Asstt. Engineer"

NOTES AND ORDERS

Mr Marker's service under the Board is temporary. He was originally designated Sub-Division Officer. His pay was fixed at Rs 100-200 (6) plus Rs 35 and the appointment was ordered to be treated as one on progressive pay. He

Mr.Marker's substantive appointment in the Public Works Department is Sub Assistant Engineer 2nd class. He holds at present the rank of Sub Assistant Engineer, 1st class, sub protem, pay Rs 150, and has been recommended for promotion to Assistant Engineer, 3rd class, sub protem, pay Rs 200, with effect from 6th November 1911.

2. Whatever may be his status and pay under the Trust Board, he can expect to draw only the pay of his rank in the Public Works Department whenever he may be ordered to revert to that Department.

3. The designation to be given to Mr.Marker is a matter for the consideration and decision of Government There is no objection to designate him Trust Board Engineer.

Rs 50 / 107-13 (15)

From the Chief Engineer's note, it will be seen that the question has every chance of being made Asst Engr, 3rd class, Sub pro tem on Rs 50 with effect from 6th Novr 1911, in the General line. Therefore there appears to be no objection to designate him as Trust Board Asst Engr as it will also indicate his position in the general line. If this designation be made "Trust Board Engineer," it might lead to an involuntary forgetfulness of the fact that the P.G. Lakshmanarao as Chairman is also wholly responsible for the Engineering portion of Trust Board work, in addition to the administrative portion, under the powers of Officio President.

As the increment pay in the general line will be Rs 2007- from 2nd Novr 1911 and as generally officers on Special duty are granted an extra addition to their permanent pay in consideration of the special nature of their duties, and further as the question has been drawing Rs 2007- ever since 1st March 1910, the question of increasing his emoluments recommended by the Board, has also to

16 Now the office of the Executive Engineer to the Board has ceased Having regard to the great importance and magnitude which the affairs of the Board have assumed, it was found necessary to appoint an officer who can devote his undivided attention to them; Accordingly Executive Engineer Mr. T G Lakshmanna Rao has been appointed Chairman of the Board and whole-time President of the Municipal Council As such Mr Lakshmanna Rao cannot be expected to devote the full required attention to the engineering portion of the Board's work In these circs it appears that Executive Engr Mr Marks' work under the Board will be more onerous than ordinary Exec Engr work and entail substantial increase of responsibility.

Submitted to His Highness

These papers relate to the proposal to raise the status and pay of Mr.H.F.Marker, Sub Assistant Engineer under the Board of Trustees for the Mysore City improvements

2 Mr.Marker holds the substantive appointment of Sub Assistant Engineer, 2nd class, in the State Public Works Department and has been promoted in that Department to the rank of Assistant Engineer, 3rd Class, Sub Protem (Pay Rs 200) with effect from the 6th November 1911. Since March 1910, however, he has been drawing under the Trust Board the maximum pay of Rs 200 plus Rs 35 permanent travelling allowance in the progressive scale of Rs 100-10-200.

3 In view of this circumstance and also of the fact that, with the appointment in March last of Mr.T.G. Lakshmana Rao as whole-time President of the Mysore City Municipal Council and Chairman of the Board of Trustees, the post of Executive Engineer of the City Improvement Division has remained unfilled, the Board of Trustees have recommended that Mr.Marker's designation under the Board may be changed into "Trust Board Engineer" and his pay raised to Rs 250 a month, the permanent travelling allowance of Rs 35 being also continued In submitting the Board's resolution for sanction, Mr Lakshmana Rao, Chairman, adds that if in the opinion of the Government the Engineer-Chairman is to be held as the "Board's Engineer", then the designation of Mr.Marker may be "Trust Board Assistant Engineer".

4 The Chief Engineer who was consulted unofficially has no objection to designate Mr.Marker as

"Trust Board Engineer" and considers that the enhancement of Mr.Marker's pay during his employment under the Trust Board does not affect his position in the State Public Works Department The Financial Secretary is of opinion that, while under the Trust Board, Mr Marker may be permitted to draw Rs 50 more than his pay, whether substantive or officiating in the State Public Works Department, in addition to permanent travelling allowance of Rs 35 in view of the peculiar circumstances of the case and that he may also be designated "Assistant Engineer, Trust Board".

Pages 5 & 7 N.C.

5 The Councillors and myself are of opinion that Mr Marker may be designated "Assistant Engineer, Trust Board" and allowed to draw as long as he is employed under the Board Rs 50 more than his pay in the State Public Works Department, whether substantive or officiating, besides a permanent travelling allowance of Rs 35 per mensem.

SIR,

In forwarding herewith an extract, Resolution No IV, from the Proceedings of the Board of Trustees in their Meeting dated the 30th. April 1913, I have the honour to state that Mr.H F Barker was started in the Trust Board Service on R$ 100/- + 35 under Government Order No 5364-6/M1 (202-04)-5 dated the 14th. March 1905. Owing to his special aptitude for the Drainage works from his having graduated in the Sanitary Engineering, and his continued good work, Mr Barker was subsequently given 5 annual increments of R$ 20/- each, under the marginally noted Government orders, so that he has now been drawing under the Trust Board, a pay of R$ 200 + 35 per ---- month.

3. Mr.Marker's services for the Trust Board are found to be invaluable, especially under the existing circumstances that the office of its Executive Engineer has ceased The Board recommends therefore that the pay of the ~~said~~ Mr Marker may be raised to Rs 250/- per month with the usual allowance of Rs 35/-, in consideration ~~that~~ of the magnitude of work and the enhanced .I.E., responsibility that would devolve on him in the future, under the arrangement ordered in Government Proceedings No. 7035-E / Ml.295-12-1 dated the 14th. March 1913.

4. The cost on account of the proposed enhanced pay of Mr.Marker can be met from the savings out of the total amount of grant under the existing sanctioned scale of establishment. The same has also been provided for in the Revision Statement ust of the Trust Board Establishments under submission to Government

nd

5. As for Mr.Marker's official designation which at present is as "Sub-Assistant Engineer, Trust Board" it is submitted that the post of the Engineer of the Board having been done away with, the retention of the designation of "Sub-Assistant Engineer" seems rather anamolous It is therefore proposed

to designate Mr.Marker in future as " The Trust Board Engineer".

If the Government, is, however of opinion that the Engineer ---- Chairman is to be held as the "Board's Engineer", the ------- designation of Mr.Marker may be modified as "Trust Board -- Assistant Engineer" , On as much as the pay of Rs 200/- he already draws, corresponds with the pay of the Assistant Engineer, 3rd.Class, in the State Public Works Department.
